INSTRUCCIONS

■ Per fer la prova has d'utilitzar un bolígraf.

■ La prova té tres parts:

COMPRESIÓ ORAL. Has d'escoltar dos textos i has de respondre a unes preguntes sobre el que has sentit. Abans d'escoltar cada text tindràs temps de llegir les preguntes. Escoltaràs el text dues vegades i a mesura que l'escoltis has d'anar responnent a les preguntes.

COMPRESIÓ LECTORA. Has de llegir atentament dos textos i respondre a unes preguntes sobre el que has llegit. Has de respondre a les preguntes marcant la resposta que consideris correcta. Només hi ha una resposta correcta per a cada pregunta. Si t'equivoques, pots ratllar-la i marcar clarament la nova resposta.

EXPRESSIÓ ESCRITA. Has d'escriure dues redaccions curtes. Intenta no repetir les mateixes paraules i utilitza estructures variades a l'hora de construir les frases. Si no fas la redacció o és massa curta (menys de 40 paraules) tindràs menys punts a la prova.

■ Tens 1 hora per fer la prova.

■ Quan acabis, no t'oblidis de respondre a la pregunta que hi ha al final de la prova.

Read this text carefully and answer the questions.

PLEASE HELP GALWAY'S ENVIRONMENT

Waste management is one of the most serious problems that Ireland's environment has. Too much waste is generated in this country and too much waste is sent to landfill*.

Over the last few years, the Irish Galway City Council has worked hard to solve this problem and has introduced some services and initiatives to manage their waste correctly and responsibly.

SOME TIPS TO HELP THE ENVIRONMENT:

1. Reduce the amount of waste you produce.

The most effective way to deal with waste is changing our lifestyles. By not generating waste, we can eliminate the need to handle, transport, treat and dispose of waste. We can also avoid having to pay for these services.

2. Think before you shop.

As a result of poor shopping practices on average we throw out approximately 33% of the food we buy. Food is expensive to buy and also expensive to dispose of. Use a reusable shopping bag and always have a list. Be aware of packaging.

3. Dispose of waste correctly and responsibly.

Each individual has a responsibility to dispose of his/her waste safely and correctly. Never dump** waste illegally. There are waste management services available in Galway to facilitate the proper disposal of all waste types, please use them.

4. Think before you drop.

Have a look at the following information to segregate your waste correctly.

KNOW YOUR WASTE

A brief guide to household waste management in Galway City

The Brown Bin

Brown bin waste is composted***

- All cooked and raw food, including:
 - Bread, pasta, rice
 - Meat, fish, poultry, bones
 - Fruit, vegetables
 - Eggs, cheese, salads
 - Tea bags, coffee grounds
 - Leftover food
 - Out-of-date food

(Always remove the food from the packaging before placing in the brown bin)

- Paper napkins and paper towels
- Food soiled cardboard
- Green garden waste, including:
 - Grass cuttings
 - Leaves
 - Dead plants and flowers

DO NOT place plastic bags in the brown

The Grey Bin

Grey bin waste is dumped in a landfill.

It is not re-used or recycled.

Each household should try to reduce the amount of waste in their grey bin.

The easiest way to do this is to make sure that your waste is segregated properly.

- Examples of non-recyclable and non-compostable items include: ashes... nappies... dirty plastic ... toothpaste tubes ... aluminium foil... bathroom bin ... crisp packets... light bulbs ... sanitary items

The Green Bin

Green bin waste is recycled

- Newspaper
- Magazines
- Paper
- Cardboard
- Milk and juice cartons
- Plastic bottles and containers
- Food tins
- Drink cans

NO glass **NO** dirty items

ALL RECYCLABLES MUST BE CLEAN AND DRY

Please help Galway's environment.
Segregate your waste correctly.
